Scheduling and Fees

Courses are taken in the order of personal comfort, except where numbered as Level I and II. More than one course can be taken at any one time, as long as the student concurs that they are capable of managing that number all at once. Timelines are expected to be maintained. Most courses are available for 2-4 months, with the exception of Anatomy and Physiology at 8 months. You have 3 years to complete the RIN program part-time online. If necessary, an individual course time can be extended with request.

Fees are paid online for each course taken or the student is invoiced. Refunds are only provided within two days of opening the course for first review. Deferments are available with approval of the school. Credits can be given for some courses taken through another school. Please speak with the admissions officer or your tutor.
