- After Unit 4 - scanning and treating case study
- After Unit 6 - full-body hands-on treatment case study
- After Unit 7 - chakra balancing case study
- After Unit 9 - distance Reiki case study
- After Unit 12 - short exit essay
- After Bonus Unit - 2 Quizzes
- After Bonus Unit - Special Horse Healing Research Project: 2 options
 - a) Following one horse needing special care through 5 more sessions as a clinical study over a period of a month.
 - b) Writing an essay on Reiki and Horse Health/Healing or a special area of your personal consideration with horses – specifics to share with your tutor – 1500 words.

Animal Reiki Practitioner Trainers' Assignments

1 Your first assignment is to purchase one of these 2 books.

[*Animal Reiki: Using Energy to Heal the Animals in Your Life](#)” by Elizabeth Fulton and Kathleen Prasad

[*Animal Reiki: How it Heals, Teaches & Reconnects Us with Nature](#) by Angie Webster

You are then asked to write a 400-500 word essay about the value of this book in preparing you to be an excellent Animal Reiki Practitioner and what you will be able to use as a guideline for your own course development.

Please note that you can never take pages of other people’s writing and make it your own. You can however quote 100-200 words without a problem, as long as the author is noted. You can also take an idea and expand on it, first quoting the original author and the work that you found the material in. This is to avoid copyright infringement while also acknowledging the value of the work that the author has provided.

2 Following review of the file called the Animal Reiki Practitioner Course Guideline, please choose 3 major topics to now follow-up with and expand upon. We ask that you now develop those 3 topics in such a way that you would be offering them to your students. Create any formal art work and writing that you will be using in your Animal Reiki Practitioner Program. The topic choices are yours, but we urge you not to choose the simplest topics to present to us. We will review them all and give you the necessary feedback as you build your own training. These will be graded and you must achieve 80% or greater to graduate. We believe that if you don't first succeed, that we will help you to take your training to the next level of positive attainment, thereby ensuring that you do graduate with the best possible product.

The Animal Reiki Practitioner Training can be taken over a period of up to 4 months.

The Equine Reiki Practitioner Training can be taken over a period of up to 6 months.

- For each training you will be provided a tutor to support and encourage you.
- Extensions are possible under certain circumstances.
- In most cases, both certificates can be achieved over 1-3 months part-time. It is simply the spacing out of sessions that takes up most of the time. The review of presentations can be done in less than a day for each training. Repeated reviews are recommended.
- Upon graduation, you will be mailed one or both certificates through regular mail.

There is a marvelous experience to be had! We look forward to hearing from you.
